Federal Rule of Civil Procedure 45 (c), (d), (e), and (g) [Effective 12/1/13]

(c) Place of Compliance.

- (1) *For a Trial, Hearing, or Deposition.* A subpoena may command a person to attend a trial, hearing, or deposition only as follows:
- (A) within 100 miles of where the person resides, is employed, or regularly conducts business (excluding regular mail-related business) in person; if the person resides, is employed, or regularly conducts business in person, if the person
 - (i) is a party or a party's officer; or
 - (ii) is commanded to attend a trial and would not incur substantial expense.
- (2) *For Other Discovery.* A subpoena may command a person to produce documents, electronically stored information, or tangible things at a place within 100 miles of where the person resides, is employed, or regularly conducts business (excluding regular mail-related business) if the person
- (A) produces documents, electronically stored information, or tangible things at the place specified in the subpoena; or
 - (B) inspection of premises at the premises to be inspected.

(d) Protecting a Person Subject to a Subpoena; Enforcement.

- (1) *Avoiding Undue Burden or Expense; Sanctions.* A party or attorney responsible for issuing and serving a subpoena must take reasonable steps to avoid imposing undue burden or expense on a person subject to the subpoena. The court for the district where compliance is required may, on its own motion or on the motion of any party, enter an order that enforces this rule and protects a person who is not a party or attorney who fails to comply.
- (2) *Command to Produce Materials or Permit Inspection.*
- (A) *Inspection Not Required.* A person commanded to produce documents, electronically stored information, or tangible things, or to permit the inspection of premises, need not appear in person at the place of production or inspection unless also commanded to appear for a deposition, hearing, or trial.
 - (B) *Objections.* A person commanded to produce documents or tangible things or to permit inspection may, serve on the party or attorney designated in the subpoena a written objection to inspecting, copying, testing, or sampling any or all of the materials or to inspecting the premises—or to producing electronically stored information in the form or forms requested. The objection must be served before the earlier of the time specified for compliance or 14 days after the subpoena is served. If an objection is made, the following rules apply:

- (i) the court must review the objection and may, after notice, enter an order compelling production or inspection;
 - (ii) these rules may be required only as directed in the order; and the order must protect a person who is neither a party nor a party's officer from significant expense resulting from compliance;
- (3) *Quashing or Modifying a Subpoena.*
- (A) *If Over Required.* On timely motion, the court for the district where compliance is required must quash or modify a subpoena that:

- (i) fails to allow a reasonable time to comply;
- (ii) requires a person to comply beyond the geographical limits specified in Rule 45(c);
- (iii) requires disclosure of privileged or other protected matter, if no exception or waiver applies; or
- (iv) subjects a person to undue burden.
- (B) *If Not Permitted.* A subpoena is void if it requires a person to disclose information not within the scope of the designation, or to disclose information, quash or modify the subpoena if it requires:

- (i) disclosing a trade secret or other confidential research, development, or commercial information; or
- (ii) disclosing an unrecanted expert's opinion or information that does not describe specific occurrences in dispute and results from the expert's study.

- (C) *Undue Burden.* In the circumstances described in Rule 45(d)(1)(B), the court may, instead of quashing or modifying a subpoena, order appearance or production under specified conditions if the serving party:
- (i) shows a substantial need for the testimony or material that cannot be otherwise met without undue hardship; and
- (ii) ensures that the subpoenaed person will be reasonably compensated.

(e) Duties in Responding to a Subpoena.

- (1) *Producing Documents or Electronically Stored Information.* These procedures apply to producing documents or electronically stored information:

- (A) *Documents.* A person responding to a subpoena to produce documents must produce them as they are kept in the ordinary course of business or must organize and label them to correspond to the categories in the demand.
- (B) *Form for Producing Electronically Stored Information Not Specified.* If a subpoena does not specify a form for producing electronically stored information, a person responding to the subpoena must produce it in a form in which it is ordinarily maintained and in a reasonably usable form or form.
- (C) *Electronically Stored Information Produced in Only One Form.* The person responding need not produce the same electronically stored information in more than one form.
- (D) *Inaccessible Electronically Stored Information.* The person responding need not give the discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or for a protective order, the court must determine if the information is reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 26(b)(2)(C). The court may specify conditions for the discovery.

(2) *Withholding Privileged Information.*

- (A) *Information If Not Held.* A person withholding subpoenaed information under a claim that it is privileged or subject to protection as trial-preparation material must:
- (i) expressly make the claim; and
- (ii) expressly make the claim and
- (B) *Information Produced.* If information produced in response to a subpoena is subject to a claim of privilege or of protection as trial-preparation material, the person making the claim may, only after giving notice of the claim to the party or attorney designated in the subpoena, request that the information be withheld or that the subpoena be quashed or modified. The court must resolve the claim and may, after notice, enter an order compelling production or inspection of the information until the claim is resolved. The court may, after notice, enter an order compelling the information under seal to the court for the district where compliance is required for a determination of the claim. The person who produced the information must preserve the information until the claim is resolved.

(g) Contempt.

- The court for the district where compliance is required—and also, after a motion is transferred, the issuing court—may hold in contempt a person who, having been served, fails without adequate excuse to obey the subpoena or an order related to it.

INSTRUCTIONS

1. Prior to answering the following, you are requested to make due and diligent search of your books, records, and papers, with a view to eliciting all information available in this action.
2. If you object to any request, please identify the basis for the objection and identify each document that is being withheld on the basis of that objection. Please also state if, notwithstanding the objection, all responsive documents are being produced.
3. The requests set forth below are deemed to be continuing, so as to require the supplementation of your original production of documents in response to such requests promptly after any additional documents are located.
4. If any document responsive to this request was, but no longer is in your possession, state whether it is missing or lost; if it has been destroyed; if it has been transferred, voluntarily or involuntarily, to others; or if it has otherwise been disposed of. In each instance, identify the document fully, explain the circumstances, and identify the people having knowledge of such circumstances.
5. If you contend that any documents covered in these requests are not reasonably accessible or would be unduly burdensome to locate or produce, identify such documents by category and source and provide detailed information regarding the burden or cost you claim is associated with the search for or production of such

Election-related files

elections.kennesaw.edu

The voting system and electronic pollbooks used in Georgia require files to be named in compliance with the application's requirements. As a consequence, many of the files will have identical names, but their contents vary by county.

Some of the pollbook related files will only contain voter registration values. These files are used to update the electors list, indicating voters who were issued ballots during advance/early voting. Other pollbook files will contain the state's entire electors list.

The folder names relate to the content contained within the files placed within the folders, back to the county to which they are assigned. We developed a folder for each county (159) and within each folder we placed files generated for that individual county.

Examples of files posted for a county to pull down:

/Appling County/Proof/Audio/Appling Audio.zip – This zip file contains audio files linked within the county's election database. This files are posted so a county can proof whether the candidate's name, ballot information headers, race headers are all present and recorded properly. The file is zipped due to file size.

/Appling County/Proof/Ballot/01 – Appling.zip – This zip file contains ballot proofs for a given election. These files are provided to each county to allow them to confirm that the contents of their ballots are accurate for the given election. The file is zipped due to files size.

/Appling County/Proof/Ballots/Ballot and Audio Proofs Signoff v2.pdf – This file is provided to every county when proofing audio files and ballot proofs. We require each county to return a signed signoff form to our office after they have completed their proofing. This form allows the completed election database to be released from us to the jurisdiction for use in the given election. "v2" indicates that this is the second version of this form.

/Appling County/ExpressPoll/Numbered List/001 (11-08-2016).pdf – This file is provided to every county after the completion of the given election. This file contains a list of those voters who participated at their assigned polling location on Election Day in sequential order.

/Appling County/ExpressPoll/ABSFFile/PollData.db3 – This is a data file for use within the assigned county on their ExpressPoll units that are used to create voter access cards given to voters during the Advance Voting period. No individual voter data is contained within this file. A file of this nature is created for each county prior to a given election. "ABS" relates to voters casting ballots prior to Election Day.

/Appling County/ExpressPoll/ABSFFile/Expoll/resources – This file accompanies the above mention file. The resource file instructs the ExpressPoll device what operations to allow and what buttons to display on screen to the user of the ExpressPoll device.

./Baldwin County/ExpressPoll/ED_Files/November 2016 General Voter Lookup.zip – This file is not built for all counties. This file is only built for those counties who request it from our office. This file contains the elector's list for the county for the given election, but it is not used to create any voter access cards. The file is zipped due to size of the files content.

./Baldwin County/ExpressPoll/ED_Files/November 2016 General Voter Lookup Password Memo.pdf – This file accompanies the above mentioned file. This file contains what the passwords are to access the data contained in the zipped file above when loaded onto an ExpressPoll. These passwords are changed for every election.

./Cherokee County/ExpressPoll/ED_Files/November 2016 General Election Day.zip – This is not a file posted for each county. This file is only posted to those counties who produce the storage media loaded into the jurisdictions' ExpressPolls themselves. Counties that do this operation are: Fulton, Cobb, DeKalb, Gwinnett, Forsyth, Chatham, Muscogee, Henry, Columbia, Clayton, and Cherokee. This file contains the full elector's list for the state for a given election.

./Cherokee County/ExpressPoll/ED_Files/November 2016 General Election Day Password Memo.pdf – This file accompanies the above mentioned file. This file contains what the passwords are to access the data contained in the zipped file above when loaded onto an ExpressPoll. These passwords are changed for every election.

./Clayton County/GEMS_DB/****.abf – This is a file posted to a county only in select circumstances. This is an election database file containing the ballot contents for a given election. These files are accessed by the GEMS application.

./Pickens County/ExpressPoll/ED_Files/Export.exe – File allows a county to produce a numbered list of voters directly from the ExpressPoll media, when installed on the ExpressPoll media.

./Pickens County/ExpressPoll/ED_Files/System.Data.SQLite.dll – This file allows the file mentioned above to operate on the ExpressPoll. The above file is inoperative without this file.

./Richmond County/GEMS_DB/2. GEMS instructions.pdf – This is a manual on GEMS operations. Only posted if requested by a county.

./Richmond County/GEMS_DB/GeneralDemo.zip – Only posted if requested by a county. Contains a demonstration election database.

This concludes the types of files placed within the county folders for distribution to counties

Attached is the known county user accounts allowing access to these to county folders. When an account is created, the county recipient is automatically sent (by Drupal) an email that contains a password reset link. Counties create their own passwords for accessing the folders.
